Claim Rejections - 35 USC § 112

1. Claims 1-43 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In all the independent claims, the term “the surface of the interior layer” such as on line 3 of claim 1, lack proper antecedent basis. In claim 12, section (e), “a card section” should be “a card section of the at least two card sections.” In claim 18, the term slit has already been introduced in claim 12. In claim 28, “one or more card sections” after the phrase “at least three card sections suitable for folding upon one another” is confusing. In claim 28, section (e), “a card section” should be “a card section fo the at least two card sections.” Similar defects in claims 33 and 35, In claim 34, the term “said” should be before “at last one card section.” Appropriate correction is required.

Allowable Subject Matter

2. Claims 1-43 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Conclusion

3. Telephone inquiries regarding the status of applications or other general questions, by persons entitled to the information, should be directed to the group clerical personnel and not to the examiners. In as much as the official records and applications are located in the clerical section of the examining groups, the clerical personnel can readily provide status information without contacting the examiners, M.P.E.P. 203.08.
